

RETRACTABLE STAND PLUS

Technical Specifications | R1.060515

PRODUCT USAGE

This product is recommended for use indoors or temporarily outdoors.

DESCRIPTION

The Retractable Stand Plus is a high-quality retractable banner stand, constructed of an aluminum base finished with chrome end caps for a sleek look. The Retractable Stand Plus features a 2-part aluminum pole that reaches any height from 5' to 7' and screw feet that provide stability on uneven surfaces. This banner stand's slim construction makes it perfect for areas with limited space. Rapidly changing environments benefit from a stand like the Retractable Stand Plus because its print can be changed easily using clamping rails rather than adhesive strips. Since the print rolls out of the base like a window shade, assembly takes a matter of seconds. Store in the included carrying case for transport. The Retractable Stand Plus is ideal for displaying information such as specials at a local food market or programs at a community library.
